

September 3, 1943.

Dear Jimmy:

8/10  
Enclosed is the memorandum on the war housing program which I spoke to you about when I was over to see you on yesterday.

It is rather lengthy and you may not get an opportunity to read all of it. However, the first two and a half pages contain a digest which possibly will give you all the information you want.

Sincerely yours,

Honorable James F. Byrnes,  
Director,  
Office of War Mobilization,  
The White House,  
Washington, D. C.

Enclosure
