Honorable John W. Snyder,
Secretary of the Treasury,
Washington, D. C.

Dear John:

I am enclosing a copy of a note which I have written to Averell Harriman, following up a discussion which I had with him recently concerning the form of organization which might be set up in the U.S. Government to carry out the European recovery program. I do not know what the present thinking on this problem is in the different branches of the Government, but it does seem to me that serious consideration should be given to adapting the existing N.A.C. machinery to the requirements of this program.

Sincerely yours,

M. S. Eccles,
Chairman.
