Marriner -

This is the best we could do - on the subject of authority and immunity - for the San Francisco Fed. Bank. But we are going right ahead - full force - and everybody seems to be cooperating - without hesitation.

Had fine long talk with Bill Day, Henry Grady, McIntosh, Treasury men (Pehle), Col. Bendetsen this morning. The snags have been ironed out. See you Monday.

Matt.

Plan to arrive in Washington from Los Angeles Friday about noon, but will need to rest over weekend, if possible, and will not be in office till Monday - unless I must. Am just a little tired.
