

September 4, 1945.

My dear Governor Towers:

Thanks to your thoughtfulness, a set of a dozen of the studies prepared for the Dominion-Provincial Conference on Reconstruction has reached my office, and I just wanted to express again to you my appreciation.

The information will, I am sure, be invaluable to our research people as well as to Board members interested in various aspects of the problems discussed.

Sincerely yours,

The Honorable G. F. Towers,
Governor,
Bank of Canada,
Ottawa.
