Dear Sir: I wish to call your attention to the fact that Senator Byrd has something and that he is not entirely wrong by any means regarding the New Deal spending. And if you don't know how it is affecting a lot of our people I would suggest that you get out and get some first hand information. I would say that it cost \$4⁰⁰ per yard to move dirt on a highway by the farm I work and it is almost level ground. Cost should not have exceeded 15¢ per yard.

You can spend the other man's money. Can you spend yours?

Seems like you have lost sight of the fact that if it costs \$2⁰⁰ to produce \$1⁰⁰ it is unsound business.

Respectfully

Blair
