Hon. Marriner Eccles:
Washington, D.C.

Dear sir:-

I've just listened to your radio speech. This is
the first letter of its kind I've ever written.

I simply want to add my protest to the
many you must be receiving telling you I'm opposed
to a policy of expanding the Federal debt.
The past year I've refused an opportunity of going into
business further. I'm simply afraid of the tax
burden which must fall on all of us who are
willing to work for possible gain. We're just trying
to make ends meet and will continue so until
some of you reach the place we are - "make ends meet".

Respectfully

Charles A. Harter

Dear Mr. Harter:

Mr. Eccles has asked me to acknowledge your letter of January 23 in which you comment on his radio address. It is noted that you are opposed to the policy of expanding the Federal debt which I suppose means that you oppose its expansion at the present time as well as at any other time. Mr. Eccles is in favor of expanding the Federal debt when private debt is contracting and of reducing the Federal debt when private debts are expanding at a sufficient rate to insure relatively full employment in spite of the contraction of the Federal debt.

Yours very truly,

Lawrence Clayton
Assistant to the Chairman
