Mr. Marriner Eccles, Chairman
Federal Reserve Board
Washington, D. C.

Dear Sir:

Monday evening I listened with much interest to your speech over Station WMAL in Washington, D. C. It is in regard to this speech that I am writing to you.

As manager of the debating activities of Rider College I would appreciate it very much if you would be able to send me a copy of that speech as we are debating the Pi Kappa Delta question this year in our intercollegiate meets. This question concerns the "pump priming" program of the administration, and I feel sure that your speech would be of great value to our teams in building up proof of their debate.

Thanking you for your very kind cooperation in regard to this matter, I am.

Very truly yours,
Oscar P. Snyder

Dear Mr. Snyder:

Mr. Eccles has asked me to acknowledge your recent letter commenting on his radio address. It is noted that you are Manager of debating activities at Rider College and in view of that fact I am enclosing not only a copy of the Chairman's radio address as you requested, but I am including also a copy of his open letter of December 22, 1938, to Senator Byrd. Should you need additional copies of either of these papers for the use of students who are preparing for debates, I should be glad to furnish them.

Yours sincerely,

Lawrence Clayton
Assistant to the Chairman
