Dear Sir:-

Understanding that your public letter to  
the Hon. Harry Floyd Byrd regarding balancing of the  
Budget of the Federal Government may be had upon applica-  
tion, I would appreciate receiving a copy.

Obviously your opinions as therein expressed  
should have great weight in a consideration by the average  
citizen such as myself, of the country's proper economic  
policy.

Respectfully yours,

  
F. C. van DEINSE.
