

FEDERAL RESERVE BANK  
OF BOSTON

RALPH E. FLANDERS  
PRESIDENT

January 14, 1946.

Dear Marriner:

The staff of the Committee for Economic Development has recently prepared a document entitled "Jobs and Markets in the Transition". This is one of the staff studies for which it takes full responsibility as it has for a number of other books which we have published from time to time. It is not a policy statement under the responsibility of the Research Committee. Chapter 6 of this document should be of particular interest to you and I am having the manuscript sent.

I would be glad indeed to have you send me any criticisms or suggestions which may occur to you within the next few days. I would particularly appreciate it if you would send a copy of these to Mr. Howard Myers, Assistant Director of Research, Committee for Economic Development, Room 3311, Department of Commerce Building, Washington, D.C.

With best wishes, I remain

Sincerely yours,

Honorable Marriner S. Eccles,  
Board of Governors of the Federal Reserve System,  
Washington, D.C.
