Dear Larry:

Replying to your letter of the 10th, the only man I know in Denver who might meet the requirements necessary for a directorship in the Federal Reserve Branch at that point would be N. R. McCreery of the Great Western Sugar Company. Mr. McCreery is Manager of the Colorado District and is an old-timer in Colorado, and in my opinion, would make a good man on your board there.

Best regards.

Sincerely yours,

H. A. BENNING
