Dear Mr. Marriner: You may be interested in the enclosed editorial from the Los Angeles Times of today - Your efforts to head off inflation are even recognized out here. Keep up the good fight - no one else seems to take the leadership, & it looks too as tho' no one else gives a damn!

I note that Walter Lippman gives you a boost today in his article, - "Let Mr. Aynhor explain".

Good Luck - you have the Country back of you.

Yours good wish
