Mr. Marriner S. Eccles
c/o Federal Reserve
Washington D.C.

Dear Sir:

I am a Rosary College(River Forest, Illinois) senior majoring in Economics. I am making a study of the recent Federal Reserve - Treasury Department controversy over management of the Federal Debt for a course in Public Finance. The subject interests me in all its ramifications, and I must say thus far I am biased in favor of the Federal Reserve point of view.

I would deeply appreciate any help you might give me in the way of copies of your speeches or material you have published on the matter. If possible, I would be grateful if such material could be sent at once since my paper is due in about two weeks.

Thank you for your kind attention.

Respectfully,

(Mrs.) Dorothy Cameron
