Dear Charlie:

In case you have not seen it, you might be interested in the attached statement that Mr. Eccles gave before the Senate Committee on Banking and Currency in support of adequate extension of price and wage controls without hampering amendments.

I don't know how I missed your article last Sunday, but at all odds, I read it yesterday and thought it up to your usual standard, which, needless to say, is praise enough.

Faithfully,

Mr. Charles G. Ross,
