

Feb. 26 - 1946.

Dear Sir:

Please permit me to commend you for your very fine testimony before the House banking committee on the current wage-price policy - It is the first bit of really intelligent thinking and reasoning on this subject since its inception, that I have heard or read - We need more men of your type and courage to stem the survesting tide of unrealsim which seems to be pervading our nation.

Sincerely

Dear Mr. Zabell:

This is to thank you for your very kind note of February 26. I suppose that most people who feel an impulse to write are the ones who have brickbats to throw. Anyway, it is refreshing and gratifying to have a word of encouragement such as yours.

Sincerely yours,

Mr. J. E. Zabell,
