

Form F. R. 511(a)

TO _____

FROM _____

REMARKS:

REMINDER:

You were going to call Senator Tobey
He left town last Saturday.

His address: R. F. D. #1
 Wilton, New Hampshire

GOVERNOR ECCLES' OFFICE

August 10, 1948.

Dear Senator:

You escaped from this town before I could get you on the telephone to express again my appreciation of the leadership you have continued to show and the consideration given to the Reserve Board, and particularly to me, in permitting me to testify before your Committee. I must say in all frankness that your presence in the chairmanship of the Committee has weighed heavily with me in my decision to remain here in Washington, and I would look with the deepest misgivings upon any change that would take you out of this key position. I think you know how I feel about its great importance, especially in these times.

Doubtless you saw the enclosed column from the Washington News, but on the off-chance that you did not, I am sending it because the comment about yourself is so true, even though it is an understatement.

May you and Mrs. Tobey have a restful and refreshing remainder of the summer.

With every good wish,

Sincerely yours,

The Honorable Charles W. Tobey,
R. F. D. 1,
Wilton, New Hampshire.
