Dear Mr Eccles:

no matter what you tell
the House Banking + Currency Comm you
will never save the situation with
a Government that does not believe
or operate on Honesty

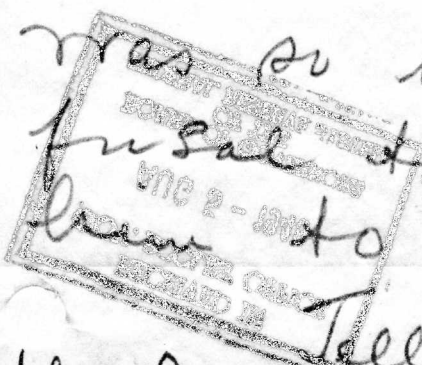

If a human is honest he
don't show any signs of it (Read the
enclosed)

Did you ever hear of swin-
dles being dedicated? The worse part
of it John W Snyder furnished me
from alone many many millions
of dollars annually to promote them
through advertising funds belonging to
the tax payers through tax assessments

National Broadcasting Co
Columbia Broadcasting Co American
Broadcasting Co deliberately - systematic-
ally, for personal gain of these millions
of dollars annually "shake down"
their radio listeners twelve (12) times
the amount the price that R. H. Macy

+ Co and Gumbel Bros charge and for
not the slightest reason, but to
woundle their fellow Americans
(See R H Macy & Co advertisement
of yesterday)

It is sad beyond words that
the public services such as the
press and radio are so despicable
low to rob their listeners for pen-
nies as they have been knowingly
been doing and accepting loot
from the U S Treasury who
knew perfectly well the money
was to promote swindles as I
told them scores of times, in fact
was so infuriated by Snyder's re-
fusal to answer - that I told
him to drop dead

Tell your friend Truman if
the American people want to be
swindled he may be elected - otherwise not
