427 Pier Avenue
Ocean Park, California

January 13th
1935

Dear Mr. Bader!

One million progressive Californians are with you heart and soul of what you expressed in Baltimore Feb 2nd before the real estate board. They think your remarks about money, capital unemployment, 10,000,000 out of work shrinkage of national income from 85 to 45 Billion is up to the point and they thank you for your fearless expression of the naked truth. If we only had more men of your caliber.

Could you please send us the complete speech, so we could pass it on to our Epic, Utopian and Technocrat Clubs.

Hoping to hear from you I am Respectfully

ERIC A. INTZE
TREASURER

Santa Monica EPIC Club

Eric A. Intze 427 PIER AVE.

A NEWSPAPER CONTROLLED BY ITS READERS.

TO THE 210 MEMBERS of L. A. CO. DEMOCRATIC COMMITTEE AND OTHERS:

The Articles of Incorporation of the DEBUNKERS INC. have been filed at Sacramento. They provide for all voting by members instead of stock, and its object is:

To uphold the Constitution of the United States and the State of California; and by peaceful, educational evolution, to assist in bringing about such changes in our thoughts, political parties and laws, as will allow all the people to enjoy life, liberty and the pursuit of happiness;

To publish and circulate newspapers, books and pamphlets, as will help influence the minds of men to bring about better social and economic conditions;

To debunk the distorted news, "framed" events, and editorials of the predatory press and news gathering agencies; supply suppressed news, expose hypocrisy, and promote the intelligent discussion of truth;

To prove to millionaires that most of them will become paupers if they do not allow the unemployed to produce for themselves, or if they permit the half-billionaire or full-billionaire, to control all business unrestrictedly, etc.

There are 11 Trustees. Additional trustees, elected by the readers or members, when more than 1000 members in adjoining districts or counties.

The By-Laws provide that the name of the official paper shall be THE INFORMER, and that it shall be published monthly until there are 10,000 members; then weekly until there are one-half million members; then daily.

The first issue will be published March 1, 1935. \$1.00 will pay for the membership and first year's subscription or dues. When the paper is published weekly, the dues will be \$2.00 per year; when daily, the dues will be \$6.00 per year.

The paper will be delivered by mail. Under a permit postage will be one cent each when not less than 200 at a time are mailed. After the first year, when a large bonafide subscription is obtained, it will be registered as second class. Then the postage will be about eight for a cent.

A special feature of THE INFORMER will be the Forum pages. Three prizes will be given for the best articles in each issue, of 100 to 300 words debunking popular delusions, political slogans, and editorials of the Times and Examiner. Mail your article for first issue soon.

THE INFORMER advocates only two political parties; one for the plutes and one for the people. All who are not for J. P. Morgan's platform should support the Democratic State platform. It will oppose any division of groups for election purposes of those who are not for the present economic out-of-date system. And will oppose plutes appointing generals for the Democratic party, like Chandler and Hearst try to do.

A spade will be called a spade. Pernicious Republicans in disguise, like Ham Cotton, who tries to run the Democratic party as a side-show to the Republican party, will be put on the spot. Also men like William Jennings Bryan, Jr, who acts as "front" for the side-show men.

Great oaks from little acorns grow. Help make the membership of the DEBUNKERS one-half million, and then its official paper THE INFORMER will offset the evil influence of the Times, Examiner and Chronicle, and emancipate Californians.

Send in your application with \$1.00, and if you have spare time, apply for a position as Deputy Registrar of Members. Mail to DEBUNKERS INC., 123 California Street, Santa Monica, California, or to

Mr. Eric A. Intze, Treasurer,
Santa Monica Epic Club,
427 Pier Avenue,
Ocean Park, California.

Dear Sir:

In reply to your letter of February 13th, we are sorry we are unable to comply with your request for a copy of Mr. Eccles' remarks before the Real Estate Board of Baltimore. Mr. Eccles did not prepare a speech for this occasion so we, therefore, do not have any copies of his remarks other than what appeared in the newspapers.

Very truly yours,

Secretary to Mr. M. S. Eccles.
