Dear Marriner:

Thank you very much for your letter of the tenth, with your speech to the New England Bank Management Conference on November 13th. I liked it a lot. Personally I feel that anybody that can't understand that kind of logic is too dumb to save anyway. I am routing this through my personal organization, to be read by each department head. I you could send me three or four more copies I would appreciate it.

I expect to be in Washington sometime in January and will plan a visit with you then. Please extend my best wishes for a Merry Christmas to all of your staff members.

Sincerely yours,

Robert H. Hinckley
