Mr. Marriner S. Eccles, Chairman
Board of Governors of the
Federal Reserve System
Washington, D.C.

Dear Mr. Eccles -

A friend of mine just sent me a stenographic transcript of the address which you delivered before the New England bankers in Boston on November 13th. I took it home and read it Sunday afternoon very carefully and with a great deal of interest.

I thought you might be interested to know that it impressed me as a masterly handling of this vitally important but complex subject and, above all, never seemed to depart from a high plane of statesmanship.

I send all good wishes for the New Year and hope that John Rohr and I may have the long-deferred pleasure of entertaining you in Toledo sometime during 1937.

Sincerely yours,

JDB

Mr. John D. Biggers, President,
Libbey-Owens-Ford Glass Company,
Toledo, Ohio.

My dear Mr. Biggers:

Your letter of December 28th commenting on the talk which I gave before the New England Council is very much appreciated. Needless to say, it is very gratifying to have your favorable opinion of that effort, which was extemporaneous and not designed for publication, but was taken down stenographically and a few copies made available to those who I felt might be interested in the subjects discussed.

Permit me to reciprocate most cordially your good wishes for the New Year. I hope I may have the privilege of seeing you and John Mohr if I am fortunate enough to get to Toledo during 1937.

Sincerely yours,

M. S. Eccles,
Chairman,
