Honorable Marriner Eccles
Chairman of the Board of Governors
Federal Reserve System
Washington, D. C.

Dear Sir:

I would like to obtain, if possible, copy of the address you delivered on "How Are We to Put Idle Men, Money and Machines to Work?" ~~which you delivered~~ at the recent Conference at Harvard. A friend who was in attendance has permitted me to review his notes and your approach to this important question I found to be very interesting.

If you can furnish me with a copy of your paper or, if it has been published, inform me of the periodical in which it appeared, I will appreciate your kindness.

Yours Sincerely,

Howard R. Sullivan

HRS:R
