

Denver Colorado
January 20-1942

Dear Marviner;

It has been a long time since I heard from you, but I always have you in mind, hoping that some day you may be in Denver and come and see us.

Well, last week the enclosed clipping appeared in Denver Rocky Mountain News on the Editorial section.

I would have liked to have replied to Casey, but I had not read or heard of your address, and in my opinion this man has constructed a part of your talk to his own imagination.

However, I just thought I would mail it on to you as I thought you would like to see what (brilliant?) Editorial writers we have, tho' I know such are not strange in most any City.

I hope all is well with you and yours.

and please remember me to all, also
to Larry Clayton.

I know you have plenty of work to do
and ~~you~~ are kept mighty busy, but
try and find time to drop me a line
and better still, be sure and make it
a point to come and see me when you
are next in Denver.

Best of wishes

Sincerely
Homer

Mr. Homer Hutchinson,
920 Detroit Street,
Denver, Colorado.

Dear Homer:

I was glad to hear from you under date of January 20 and appreciate your thoughtfulness in sending me the clipping from the Rocky Mountain News of the editorial by Lee Casey entitled "Plainly Idiotic". This editorial by Casey had already come to my attention from several sources.

I was glad to see that you had put your finger on what is obviously the only explanation of the article, namely, that his version of my speech before the Conference of Mayors was constructed out of his own imagination. I am enclosing a copy of the address.

Thinking it will be of interest to you, I am also enclosing a copy of a letter to the editor of the Rocky Mountain News which one of the Federal Reserve officials expects to send. Until it appears, this draft must be limited to your own confidential use.

With best wishes and trusting this finds you in your usual high courage and good spirits, I am

Sincerely yours,

P.S. Larry Clayton was glad to be remembered and sends his best regards.

Dear Marriner;

I received copy of your address to the Mayors of different cities, and I thank you for this interesting paper. I also enjoyed your letter and note draft letter to Casey which latter I assure you will be mentioned to no one, such is only known to Maude and myself.

From careful reading of your address neither Maude or I, can find anything in this that would give Casey any cause whatever in writing article he did.

Your address was a good one, and on listening to radio's program of "Town Meeting" last evening I hear that you will be one of the speakers-, well we will be listening for you, so go to it good and hard, let them know you are there, show them the Scotch, you can do it, and all good wishes Marriner,

You perhaps are aware that in time just most Bankers were in favor of Republican Party, at least

this seem'd to be the case here as far as I could note
in my acquaintance with various executives in
such banks as Colorado National, First National, and
Central Savings Bank and Trust Co.

Some of these people were against the policy in
Washington when you first went in as head of
Federal Reserve, but now I am glad to tell you that
they are much in accord with you, for which I am
pleased, you realize of course Marriner, that ~~the~~^{we}
Bankers must keep in touch with the situation,
get next to the word we, I must be a — of a
Banker, eh what?

Well, best of success to you always and again I
thank you for your letter and copy of address.

Hope all is well with Maizie and children and above
all, don't forget my address when you are again
in the Queen City of the West, I want a good visit
with you before I should leave, which I hope will
be sometime yet.

Maud joins me with every good wish, we are alone now
Jean, her husband and baby live in Portland Ore, Patty lives in
Seattle where her husband Scott H. Bair is with Interior Dept. as

Dear Mariner;

I am enclosing a page from this morning's (2/25/42) issue of the Denver Rocky Mountain News.

I am very glad this article appeared, and in place of cutting this one article out, (preferring to your speech) I decided to send the entire page, that you might note Casey's photo, and to note it appeared right in Casey's space, in my opinion the best space for the letter.

I hope all is well with you and yours, Maude is ill, and I am much worried over her condition, she has been and is, everything to me, an ideal wife and mother.

I am hoping continually for an improvement in her condition, for she is the mainstay of this family.

Our eldest daughter, Catherine has been here from Billings W. Tana and her presence has helped her mother much.

Best of wishes to you - always.
Hornor
