 CHICAGO

March 17, 1943

The Honorable Marriner S. Eccles
 Chairman of the Board of Governors
 Federal Reserve System
 Washington, D. C.

Dear Marriner:

Your address last Thursday night has aroused much favorable comment and resulted in many requests for copies. What you said and the way you said it impressed everyone at the dinner with the seriousness of the war financing program and the fact that it is a responsibility in which they must play an important part. It is already proving helpful to us in preparing for the Second War Loan drive.

I hope you had a pleasant change and well-earned rest.

With personal regards,

Yours sincerely,
