Mr. Marriner S. Eccles
Chairman of the Board of Governors
Federal Reserve System
Washington, D. C.

My dear Mr. Eccles:

I enjoyed very much the article "Post War Price Problem--
Inflation or Deflation?", published in the Federal Reserve
Bulletin for January.

If it is possible, I should like very much to have eighteen
reprints of this article. The reprints will be used for dis-
tribution to members of the staff of the Price Division of
the Phoenix District OPA Office. I shall be glad to remit
any charges for the reprints.

Very truly yours,

Richard A. Harvill
District Price Executive
