Hon. Mariner S. Eccles, Governor,
Federal Reserve System,
Washington, D.C.

Dear Sir:—

Have just had the great privilege to read in the December F.R. Bulletin your speech on "The Post War Price Problem".

I would like to bring your message to the attention of several business groups here: I shall read it to some and for others I would be much helped if I can secure some prints at a nominal price; will you kindly advise me if such are available either thru your office or the office of The National Ind. Conference Board.

Respectfully yours.

Dear Mr. Hill:

This is to acknowledge your letter of January 6 in regard to my discussion of the post-war price problem which appeared in the Federal Reserve Bulletin for December.

I am gratified to have your comments, and in accordance with your request, I take pleasure in enclosing several reprints. If you should desire to have more, I will be glad to send them to you. We have a limited supply and I imagine that you would not wish to have very many. No charge is involved.

Sincerely yours,
