*Mr Eccles Chairman Fed. Res. Bank  
Washington  
D.C.*

Good to you! for suggesting we spend  
to feed the hungry instead of building  
up armaments! They'll do us no good  
if Europe goes communist! And we  
won't need them if we take this,  
probably brief + maybe our last opportunity  
to work for world's unity.

More power to you.
