Dear Sir:-

I was deeply impressed by the address which you delivered on 8 April at the Commonwealth Club of California, and would appreciate very much receiving a copy of that address if you can spare one.

Incidentally, I feel so strongly about the subject that I wish your article could be made "MUST" reading for every citizen of the country. It might do much to crystallize public opinion, prevent further procrastination, and thus avoid catastrophe.

Sincerely yours,

Dear Colonel:

Following my return to Washington from my western trip, during which I delivered the address before the Commonwealth Club of California to which you referred in your letter of April 18, I found so many matters awaiting my attention that I regret very much that I have not had an earlier opportunity to acknowledge your letter and especially to thank you for your favorable comment upon my views. I understand that my secretary has already sent you the copy which you requested.

Very truly yours,

M. S. Eccles.

Dear Gov. Eccles,

It was a distinct pleasure to meet you at the AVC luncheon Tuesday, and to hear you speak. I'm writing to ask if you would be kind enough to send me a copy of the speech you quoted from which you originally gave in San Francisco, so that I might read it all.

Of course it would be understood that it would be for my private information, and would not be made public in the press.

Sincerely yours,
