

C. G. ADNEY

CORINNE, UTAH June 5, 1951.

Mr. Marriner S. Eccles,
Ogden, Utah.

Friend Marriner:

Permit me to herein record my deep appreciation of your timely and powerful address presented to the graduating class of '51 at the U.S.A.C.

Your address punctuated by most timely admonitions and salient facts should be in the hands of every voting citizen of the United States, for I am thoroughly convinced that a careful perusal of your many citations would serve to get the public oriented for a safe and secure position pending our approaching general elections. For I am fearful that nothing of major import by the way of corrections are to be expected pending that approaching election period.

I am truly grateful to you for your contribution and, as a citizen of the State of Utah, look with pride upon your accomplishments and abilities.

Sincerely,

C.G. Adney

P.S. Since I do not have your address I am sending this to Ogden in the hope and expectation that it will be forwarded.

June 13, 1951.

Dear Mr. Adney:

It was a great privilege and pleasure for me to meet you at the recent Commencement Exercises of the Utah State Agricultural College. I was especially happy to see you honored by the College conferring upon you a Honorary Doctor's Degree -- you fully merited that because of your outstanding service to the school as well as to the State.

Your very flattering letter of June 5, expressing approval and appreciation of my address to the graduating class, made me very happy. Your approval of my efforts means a great deal to me because of the great respect I have for you.

I am glad to enclose herewith a copy of my address to the graduates, as you request.

With kindest personal regards,

Sincerely yours,

M. S. Eccles.

Mr. C. G. Adney,
Corinne, Utah.
