Office of the Commandant

Dear Mrs. Stewart:

I am enclosing the corrected transcript of Chairman Eccles' address before The Army Industrial College.

In place of the charts I have substituted a set of tables giving the same information and corresponding inserts were made in the text.

As the Chairman indicated in his address, the statement was an informal one, and I trust that it will be kept on a strictly confidential basis. If the material is distributed among your students, will you, please, insert the necessary notification on the manuscript.

Sincerely,

Elliott Thurston,
Assistant to the Chairman
