

ANNOUNCING

The **54**th ANNUAL MEETING and BANQUET of THE NEW YORK CREDIT MEN'S ASSOCIATION HOTEL ASTOR, February 17, 1949 at 6:30 p. m.

One of the nation's best known movie comedians and troupers, Guy Kibbee was 15 years old when he ran away from home to join up with his brother's stock company. He made his first footlight appearance when the juvenile lead in "The Convict's Daughter" was overwhelmed by spiritous potions. His debut was, however, slightly marred by the too-tight suit he had to wear which almost split down the middle in his big romantic scene!

Guy Kibbee has played the country, from Maine to San Francisco, in one-night stands—and has washed many a dish in lieu of cash to pay for meals.

For twelve years (1936-1948) Marriner S. Eccles was chairman of the board of governors of the Federal Reserve System of which he continues to be a member. He is noted and highly respected as a public figure who consistently and courageously, "calls the strikes as he sees them."

Few speakers are as keenly aware of the factors which are responsible for ebbs and tides in our economic life as is Marriner Eccles. No theorist, he is a practical—and successful—business executive who owned and operated as many as 28 banks and a whole string of sugar, lumber and construction companies in his native Utah.
