Dear Sir.

For a man who was not
elected to office you are
causing too much trouble.

The people right now are over
burdened with taxation of
all kinds, no additional
taxes of any kind will be
tolerated. I am a member of
a strong labor union and it
is our intention as soon as the
war ends to ask Uncle Sam
to take his hands off the workers
pay check and find some other
way of collecting taxes, so no
more taxes no more restrictions,
and get rid of the many crack pots
in Washington.
