

OFFICE OF THE SPECIAL INSPECTOR GENERAL
FOR THE TROUBLED ASSET RELIEF PROGRAM
1801 L STREET, NW
WASHINGTON, D.C. 20220

ERRATA

In compliance with section 515 of the Treasury and General Government Appropriations Act for FY2001, Pub. Law No. 106-554, the Office of the Special Inspector General for the Troubled Asset Relief Program (“SIGTARP”) has corrected its October 21, 2009, Quarterly Report to Congress as follows.

Page	Description of Correction
119	In Table 3.1, under the heading “Fitch Ratings,” the “Short Term” column has been corrected to reflect that Fitch’s nomenclature is F1+, F1, F2, and F3, as opposed to A1+, A1, A2, and A3, respectively. The column has also been corrected to reflect that Fitch employs a short-term D rating that corresponds to its long-term D rating. Additionally, the “Long Term” column has been corrected to delete the CCC+ rating, which Fitch no longer uses.
123	In Table 3.2, the spelling of the “Parent Company” of Fitch, Inc., has been corrected as Fimalac S.A.
126	In Table 3.3, the fees charged by Fitch have been updated, and the “Source” information has been revised. Originally, as specified by the “Source” information, SIGTARP relied upon the Federal Reserve Bank of New York’s publication “Understanding the Securitization of Subprime Mortgage Credit,” which is posted at www.newyorkfed.org/research/staff_reports/sr318.pdf , to populate the table. SIGTARP has since determined, however, that the publication on the Federal Reserve Bank of New York’s website is not current to the extent that it discusses Fitch fee data.
206	In the row related to United Community Banks, Inc., of Blairsville, Georgia, the “Current Number of Outstanding Warrants” column has been corrected to reflect that the current number of outstanding warrants is 2,182,297, rather than 4,346,935. This resulted from an incomplete response from the Department of Treasury in response to a data call.

Date
