

**UNITED STATES DEPARTMENT OF THE TREASURY
SECTION 105(a) TROUBLED ASSETS RELIEF PROGRAM
REPORT TO CONGRESS
FOR THE PERIOD
JULY 1, 2009 TO JULY 31, 2009**

I. OVERVIEW

During the reporting period of July 1 to July 31, 2009, the Department of the Treasury (Treasury) continued to implement a number of programs under the Troubled Assets Relief Program (TARP) pursuant to the goals of the Emergency Economic Stabilization Act of 2008 (EESA). Treasury's comprehensive approach to restoring stability to the financial system includes actions to reduce preventable foreclosures, promote the availability of credit to consumers and small businesses by investing in viable financial institutions and unfreezing credit markets, stabilize systemically important institutions, and promote the transparency of programs under the TARP. Given the critical role that financial institutions and markets play in the U.S. economy, financial stability is a necessary precondition to the resumption and later, the continuity, of economic growth. Specifically, during this reporting period, Treasury's actions to promote financial stability included:

- Auto Industry Financing Program (AIFP) – The new General Motors Company emerged from bankruptcy on July 10, 2009 following the emergence from bankruptcy of the new Chrysler Group LLC in June. On July 13, 2009, Treasury announced the scaling back of the Auto Task Force's involvement in the auto industry.
- Capital Purchase Program (CPP) – Through the CPP, Treasury continued to invest in viable financial institutions with the goal of stabilizing the financial system and restoring the flow of credit. During this reporting period, Treasury provided capital to 14 institutions, including four small banks under CPP terms for small banks, and received a number of repayments of CPP investments.
- Homeowner Affordability and Stability Plan – Treasury continued to build its network of servicers participating in the Home Affordable Modification Program (HAMP), entering into agreements with 15 servicers in July. In addition, the Administration met with all participating servicers, developed standard performance metrics, and took other steps to improve the effectiveness and efficiency of the HAMP.
- Public-Private Investment Program – On July 8, 2009, Treasury announced that nine firms had been pre-qualified to participate as fund managers in the initial round of the Legacy Securities Public-Private Investment Program (PPIP). Under this program, Treasury will invest up to \$30 billion of equity and debt in Public-Private Investment Funds established with private sector fund managers and private investors to purchase legacy securities.

Treasury continues to implement all programs under the TARP and the Financial Stability Plan with a high degree of transparency and accountability.

- On July 15, 2009, Treasury released the Monthly Lending and Intermediation Snapshot for May with data from the 21 largest CPP participants. The May lending survey results show that participants' overall outstanding loan balance was flat from April to May. Total origination of new loans at the 21 surveyed institutions increased one percent from April to May. Those institutions originated approximately \$277 billion in new loans.

Total originations of loans by all respondents rose in four categories, specifically: mortgages, credit card loans, commercial real estate (CRE) renewals, and commercial real estate new commitments. Total originations fell in the following three loan categories: home equity lines of credit, other consumer lending products, and commercial and industrial (C&I) renewals and were flat in one loan category, commercial and industrial new commitments.

Banks also reported in May that demand for credit in the CRE market and the C&I market was well below normal levels. As firms continue to downsize, cut costs, and reduce inventories, banks predicted that lower demand would persist through the end of the second quarter of 2009. Details on the Monthly Lending and Intermediation Snapshot are available at:

<http://www.financialstability.gov/impact/monthlyLendingandIntermediationSnapshot.htm>.

On July 20, 2009, Treasury published its third CPP Monthly Lending Report, which includes data on all participants in the CPP, regardless of size. Specifically, the report makes available three data points reported by banks on a monthly basis: average outstanding balances of consumer loans, average outstanding balances of commercial loans, and average outstanding balances of total loans from all CPP participants. The report showed that for all CPP participants, total average consumer loans fell by 0.37 percent; total average commercial loans increased by 0.05 percent; and total average loans fell by 0.18 percent. Details on the CPP Monthly Lending Report are available at: <http://financialstability.gov/impact/bankSurveyRightnavSum.htm>.

- On July 17, 2009, Treasury released its first Dividends and Interest Report detailing cumulative dividends and interest payments received on TARP investments as of May 31, 2009. The Report provides, for each institution, dividends and interest received in that reporting month as well as life to date dividend and interest received. Treasury published its second Dividends and Interest Report on July 24, 2009, detailing cumulative dividends and interest payments received as of June 30, 2009. Going forward, the reports will be issued on a monthly basis. Treasury's Dividends and Interest Reports can be found at: <http://financialstability.gov/latest/reportsanddocs.html>.
- Treasury published 11 Transactions Reports in July. Since the inception of the TARP, Treasury has published 68 Transactions Reports as of July 31, 2009. Those reports, which describe each purchase, sale, or other disposition of TARP assets, can be found at: <http://www.financialstability.gov/latest/reportsanddocs.html>.

II. REPORTING REQUIREMENTS

This is Treasury's eighth *Section 105(a) Troubled Assets Relief Program Report to Congress* (TARP Report) required by the EESA. Pursuant to EESA section 105(a), this TARP Report provides the following regarding activities that occurred in July:

- An overview of actions taken by the Secretary, including the considerations required by section 103 and the efforts under section 109.
- The actual obligation and expenditure of the funds provided for administrative expenses by section 118.
- A detailed financial statement with respect to the exercise of authority, including:
 - all agreements made or renewed;
 - all insurance contracts entered into pursuant to section 102;
 - all transactions occurring during the reporting period, including the types of parties involved;
 - the nature of the assets purchased;
 - all projected costs and liabilities;
 - operating expenses, including compensation for financial agents;
 - the valuation or pricing method used for each transaction; and
 - a description of the vehicles established to exercise such authority.

III. PROGRAMS AND INITIATIVES

Automotive Industry Financing Program (AIFP)

In July, the new General Motors Company emerged from bankruptcy; the new Chrysler Group LLC emerged from bankruptcy in June. On July 5, 2009, the Administration announced final appointments to Chrysler's Board of Directors.

The loans Treasury made under the Auto Supplier Support Program remain outstanding. The commitments to the entities, now owned by Chrysler Group LLC and General Motors Company, decreased as of July 1, 2009 to the base commitments of \$1.0 billion and \$2.5 billion, respectively. At the request of the companies, the reductions in commitments were memorialized on July 8, 2009.

On July 10, 2009, Treasury and Motors Liquidation Company (formerly known as General Motors Corporation) amended the June 3, 2009 debtor-in-possession (DIP) credit agreement for \$30.1 billion between Treasury and General Motors Corporation. Under the terms of the amendment, the DIP loan and interest accruing under the agreement were extinguished and exchanged for privately placed preferred and common equity in General Motors Company except for \$986 million, which remained for the benefit of Motors Liquidation Company, and \$7.07 billion, which was assumed by General Motors Company as a new obligation under the terms of a separate agreement (also on July 10, 2009). In total, Treasury received \$2.1 billion in preferred shares and 60.8% of the common shares of General Motors Company.

The Auto Warranty Commitment Program was terminated on July 10, 2009 after the new General Motors Company and the new Chrysler Group LLC emerged from bankruptcy. The

principal amounts advanced under the respective programs were repaid to Treasury.

On July 13, 2009, Treasury announced that with the emergence of the new General Motors Company and Chrysler Group LLC from bankruptcy, the Auto Task Force is scaling back its involvement in the auto industry.

Details about the AIFP are available on Treasury’s website at:
<http://www.financialstability.gov/roadtostability/autoprogram.html>.

Capital Purchase Program (CPP)

Treasury established the CPP in October 2008 to stabilize the financial system by building the capital base of viable U.S. financial institutions, enabling them to continue to lend to businesses and consumers during this unprecedented financial crisis and financial downturn. Under the CPP, Treasury has purchased senior preferred shares from qualifying U.S. controlled banks, savings associations, and holding companies. Treasury has also purchased subordinated debentures from financial institutions that are Subchapter S corporations.

On July 23, 2009 and July 30, 2009, pursuant to its June 9, 2009 exchange agreement with Citigroup Inc., Treasury exchanged a total of \$25 billion of its Fixed Rate Cumulative Perpetual Preferred Stock, Series H (CPP Shares) for Series M Common Stock Equivalent (“Series M”) and a warrant to purchase shares of common stock. Series M automatically converts to common stock and the associated warrant terminates on receipt of certain shareholder approvals. [Treasury also exchanged all of its Fixed Rate Cumulative Perpetual Preferred Stock, Series I (TIP Shares) and Series G (AGP Shares) “dollar for dollar” for \$24 billion of trust preferred securities, which pay 8% interest.]

The following table describes CPP investment and repayment activity for the reporting period and for the duration of the program through July 31, 2009.

CPP Activity	July 1, 2009 to July 31, 2009	October 28, 2008 to July 31, 2009

Homeowner Affordability and Stability Plan

The Obama Administration introduced the Homeowner Affordability and Stability Plan (HASP) on February 18, 2009, as a critical part of its comprehensive Financial Stability Plan, to restore stability to the U.S. housing market. The HASP includes Making Home Affordable (MHA), a program offering broad assistance to struggling homeowners to reduce preventable foreclosures. The Home Affordable Modification Program (HAMP), one of the central components of MHA, is a \$75 billion - including \$50 billion from TARP funds - mortgage modification program to reduce avoidable foreclosures by modifying mortgages to sustainably affordable levels for homeowners at risk of default on their mortgages.

Treasury continues to expand the number of servicers participating in the HAMP. Treasury entered into agreements with 15 additional HAMP servicers in July. As of July 31, 2009, 38 servicers had signed servicer participation agreements to modify loans in accordance with the HAMP. As of July 31, 2009, over 400,000 trial modification offers had been extended under the program and over 235,000 trial modifications were already underway. Between loans managed by these servicers and loans owned or guaranteed by the GSEs, approximately 85% of loans in the U.S. are now in the program.

On July 28, 2009, senior Administration officials met with top executives of servicers participating in the HAMP to discuss ways to improve the program's effectiveness and efficiency. Servicers in attendance committed to significantly increasing the rate at which they are performing loan modifications. The Administration has established a goal of 500,000 total trial modifications begun by November 1, 2009.

At the meeting, Administration officials detailed their plans to take three important steps to improve the program's performance:

- First, the Administration will publicly report results under the program based on servicer-specific performance beginning on August 4, 2009. This reporting will include the number of trial modification offers each servicer has extended to eligible borrowers, the number of trial plans that are underway, the number of final modifications, and eventually, the long-term success of those modifications.
- Second, the Administration will work with servicers to set more exacting operational metrics to measure the performance of the program, such as average borrower wait time for inbound borrower inquiries, the completeness and accuracy of information provided to applicants, document handling, and response time for completed applications.
- Third, in order to minimize the likelihood that borrower applications are overlooked or that applicants are inadvertently denied a modification, the Administration has also asked Freddie Mac, in its role as compliance agent, to develop a "second look" process under which Freddie Mac will audit a sample of HAMP modification applications that have been declined. Freddie Mac will coordinate with servicers to address specific cases that arise and to address general operational weaknesses where errors prove more systematic.

In addition, the Administration continued its outreach effort to educate at-risk borrowers about available Making Home Affordable options and prepare them to work more efficiently with their mortgage lenders. In July, Treasury partnered with non-profit and local government organizations to sponsor outreach events in Sacramento, Las Vegas, and Phoenix. Each event featured three major components: (1) an event for borrowers to meet with mortgage lenders and counselors, (2) training forums to educate housing counselors about the program, and (3) partner roundtables for Treasury and HUD to meet with key local officials and community groups to discuss the program and develop a local relationship in cities hardest hit by foreclosure. Local officials have included governors' and mayors' offices, state housing departments, and congressional field office representatives.

On July 31, 2009, as part of an ongoing effort to expand relief to struggling homeowners, Treasury released the Supplemental Directive for its Home Price Decline Protection (HPDP) program, a component of HAMP. HPDP provides additional incentive payments for modifications on properties located in areas where home prices have recently declined. The purpose of the program is to encourage additional lender participation and HAMP modifications in areas with recent price declines by helping to offset any incremental collateral loss on modifications that do not succeed. HPDP will help ensure that borrowers in areas with recent home price declines have the opportunity to stay in their homes, thereby minimizing foreclosures, which further depress home values.

Treasury has allocated a total of up to \$10 billion for the HPDP program, but the actual amount spent will depend on home price trends. The funds available to individual servicers to pay HPDP and all other incentives on HAMP modifications will be capped according to the Program Participation Cap included in their Servicer Participation Agreement. Treasury will establish each servicer's initial cap by estimating the number of modifications that servicer is expected to perform during the term of HAMP. HAMP loan modifications with NPV Dates (the date the NPV model is initially run to assess a borrower's eligibility) on or after September 1, 2009 will

be eligible for HPDP payments.

Public-Private Investment Program

To address the challenge of legacy assets, Treasury – in conjunction with the Federal Deposit Insurance Corporation and the Federal Reserve – announced the Public-Private Investment Program (PPIP) in March 2009 as part of its efforts to repair balance sheets throughout our financial system and ensure that credit is available to the households and large and small businesses that will help drive the economy toward recovery. The PPIP has two parts – one addresses legacy loans, the other addresses legacy securities. On July 8, 2009, Treasury announced that nine firms had been pre-qualified to participate as fund managers in the initial round of the Legacy Securities PPIP. Under the Legacy Securities PPIP, Treasury will invest in up to \$30 billion of equity and debt of Public-Private Investment Funds (PPIFs) established with private sector fund managers and private investors to purchase legacy securities. Thus, Legacy Securities PPIP allows the Treasury to partner with leading investment management firms in a way that increases the flow of private capital into these markets while maintaining an equity “upside” for U.S. taxpayers.

The Legacy Securities PPIP is designed to support market functioning and facilitate price discovery in the asset-backed securities markets, allowing banks and other financial institutions to re-deploy capital and extend new credit to households and businesses. Improved market function and increased price discovery should serve to reinforce the progress made by U.S. financial institutions in raising private capital in the wake of the Supervisory Capital Assessment Program (SCAP) completed in May 2009.

Initially, the Legacy Securities PPIP will participate in the market for commercial mortgage-backed securities and non-agency residential mortgage-backed securities. To qualify for purchase by a Legacy Securities PPIP, these securities must have been issued before 2009 and have originally been rated AAA (or an equivalent rating) by two or more nationally recognized statistical rating organizations without ratings enhancement and must be secured directly by the underlying mortgage loans, leases, or other assets (“Eligible Assets”).

Following a comprehensive two-month application evaluation and selection process, during which Treasury received over 100 unique applications to participate in Legacy Securities PPIP, Treasury has pre-qualified the following firms (in alphabetical order) to participate as fund managers in the initial round of the program:

- AllianceBernstein, LP and its sub-advisors Greenfield Partners, LLC and Rialto Capital Management, LLC
- Angelo, Gordon & Co., L.P. and GE Capital Real Estate
- BlackRock, Inc.
- Invesco Ltd.

- Marathon Asset Management, L.P.
- Oaktree Capital Management, L.P.
- RLJ Western Asset Management, LP.
- The TCW Group, Inc.
- Wellington Management Company, LLP

Treasury evaluated the applications according to established criteria, including: (i) demonstrated capacity to raise at least \$500 million of private capital; (ii) demonstrated experience investing in Eligible Assets, including evidenced by performance track records; (iii) a minimum of \$10 billion (market value) of Eligible Assets under management; (iv) demonstrated operational capacity to manage the Legacy Securities PPIP funds in a manner consistent with Treasury's stated Investment Objective while also protecting taxpayers; and (iv) headquartered in the United States. To ensure robust participation by both small and large firms, these criteria were evaluated on a holistic basis and failure to meet any one criterion did not necessarily disqualify an application.

Each Legacy Securities PPIP fund manager will receive an equal allocation of capital from Treasury. These Legacy Securities PPIP fund managers have also established meaningful partnership roles for small-, veteran-, minority-, and women-owned businesses. These roles include, among others, asset management, capital raising, broker-dealer, investment sourcing, research, advisory, cash management and fund administration services. Collectively, the nine pre-qualified PPIP fund managers have established 10 unique relationships with leading small-, veteran-, minority-, and women-owned financial services businesses, located in five states, pursuant to the Legacy Securities PPIP. Moreover, as Treasury previously announced, small-, veteran-, minority-, and women-owned businesses will continue to have the opportunity to partner with selected fund managers following pre-qualification. Below is a list (in alphabetical order) of the established small-, veteran-, minority-, and women-owned businesses in partnerships with Legacy Securities PPIP fund managers:

- Advent Capital Management, LLC
- Altura Capital Group LLC
- Arctic Slope Regional Corporation
- Atlanta Life Financial Group, through its subsidiary Jackson Securities LLC
- Blaylock Robert Van, L.L.C.
- CastleOak Securities, LP
- Muriel Siebert & Co., Inc.
- Park Madison Partners LLC
- The Williams Capital Group, L.P.
- Utendahl Capital Management

In addition to evaluating applications, Treasury is conducting legal, compliance, and business due diligence on each pre-qualified Legacy Securities PPIP fund manager. The due diligence process encompassed, among other things, in-person management presentations and limited partner reference calls. Treasury has negotiated equity and debt term sheets for each pre-qualified Legacy Securities PPIP fund manager. Treasury will continue to negotiate final

documentation with each pre-qualified fund manager and expects to have its first closing of a PPIF in August.

Each pre-qualified Legacy Securities PPIP fund manager will have up to 12 weeks to raise at least \$500 million of capital from private investors for the PPIF. The equity capital raised from private investors will be matched by Treasury. Each pre-qualified Legacy Securities PPIP fund manager will also invest a minimum of \$20 million of firm capital into the PPIF. Upon raising this private capital, pre-qualified Legacy Securities PPIP fund managers can begin purchasing Eligible Assets. Treasury will also provide debt financing up to 100 percent of the total equity of the PPIF. In addition, PPIFs will be able to obtain debt financing raised from private sources, and leverage through the Federal Reserve's and Treasury's Term Asset-Backed Securities Loan Facility (TALF), for those assets eligible for that program, subject to total leverage limits and covenants.

Insurance Contracts [Section 105(a)(3)(B)]

For Period Ending July 31, 2009

<u>Name</u>	<u>Amount</u>
Citigroup	\$5,000,000,000

The subsidy rate for this insurance contract is determined to be -0.25 percent. Per EESA section 102(c)(3), premiums shall be set at a level necessary to meet anticipated claims. To ensure that the guarantee remains compliant with section 102(c)(3), the Master Agreement provides for post-signing adjustments including additional Citigroup preferred stock, a reduction of the covered asset pool, and/or an increased Citigroup deductible (section 5.2 of the Master Agreement). Under this section of the agreement, the subsidy rate will be reassessed once the loan pools are finalized and details are provided to Treasury (changes in the composition of assets are expected). Citigroup must either transfer more preferred stock or absorb more in first losses (it is unlikely the size of the asset pool would be reduced), if it is found that the risks of the assets in the loan pool exceed those estimated today and would not meet the requirements of EESA section 102(c)(3). This "true-up" would occur over the next 3 months.

Note: Treasury interprets this reporting requirement as applicable to costs and liabilities related to insurance contracts entered into under the provisions of section 102 of the EESA; and the single insurance contract with Citigroup is structured such that no costs are anticipated, i.e. the currently anticipated cash inflows of the contract slightly exceed anticipated cash outflows.

1/ This transaction was included in previous Transaction Reports with Merrill Lynch & Co., Inc. listed as the qualifying institution and a 10/28/2008 transaction date, footnoted to indicate that settlement was deferred pending merger. The purchase of Merrill Lynch by Bank of America was completed on 1/1/2009, and this transaction under the CPP was funded on 1/9/2009.

2/ Privately-held qualified financial institution; Treasury received a warrant to purchase additional shares of preferred stock (unless the institution is a CDFI), which it exercised immediately.

3/ To promote community development financial institutions (CDFIs), Treasury does not require warrants as part of its investment in certified CDFIs when the size of the investment is \$50 million or less.

4/ Repayment pursuant to Title VII, Section 7001(g) of the American Recovery and Reinvestment Act of 2009.

5/ Redemption pursuant to a qualified equity offering.

6/ This amount does not include accrued and unpaid dividends, which must be paid at the time of capital repayment.

7/ The proceeds associated with the disposition of this investment do not include accrued and unpaid dividends.

8/ Subchapter S corporation; Treasury received a warrant to purchase additional subordinated debentures (unless the institution is a CDFI), which it exercised immediately.

9/ In its qualified equity offering, this institution raised more capital than Treasury's original investment, therefore, the number of Treasury's shares underlying the warrant was reduced by half.

10/ This institution participated in the expansion of CPP for small banks.

11/ Treasury has three separate investments in Citigroup Inc. ("Citigroup") under CPP, TIP, and AGP for a total of \$50 billion. On 6/9/2009, Treasury entered into an agreement with Citigroup to exchange up to \$25 billion of Treasury's investment in Fixed Rate Cumulative Perpetual Preferred Stock, Series H (CPP Shares) "dollar for dollar" in Citigroup's Private and Public Exchange Offerings. On 7/23/2009 and 7/30/2009, Treasury exchanged a total of \$25 billion of the CPP shares for Series M Common Stock Equivalent ("Series M") and a warrant to purchase shares of common stock. Series M automatically converts to common stock and the associated warrant terminates on receipt of certain shareholder approvals.

1/ Treasury committed to lend General Motors Corporation up to \$1,000,000,000. The ultimate level of funding was dependent upon the level of investor participation in GMAC LLC's rights offering. The amount has been updated to reflect the final level of funding.

2/ The loan was funded through Chrysler LB Receivables Trust, a special purpose vehicle created by Chrysler Financial. The amount of \$1,500,000,000 represents the maximum loan amount. The loan was incrementally funded until it reached the maximum amount of \$1.5 billion on 4/9/2009.

3/ This transaction is an amendment to Treasury's 12/31/2008 agreement with General Motors Corporation, which brought the total loan amount to \$15,400,000,000.

4/ This transaction is an amendment to Treasury's 1/2/2009 agreement with Chrysler Holding LLC, increasing the total loan amount to \$4,780,130,642.

5/ The loan may be incrementally funded.

6/ The loan will be used to capitalize Chrysler Warranty SPV LLC, a special purpose vehicle created by Chrysler LLC.

7/ The terms of this transaction, first reported based on a binding term sheet fully executed on 5/1/2009 but made effective as of 4/30/2009, are now finalized and reflected in a credit agreement fully executed on 5/5/2009. Under the terms of the credit agreement, all commitment amounts were adjusted as follows: Treasury's commitment amount is \$3.04 billion of the total \$4.1 billion debtor-in-possession (DIP) credit facility. The amount of \$1.4 billion, of which Treasury's share is \$1.04 billion, is available in weekly disbursements under the terms of the Bankruptcy Court's interim order approving the DIP credit facility; the balance will be available in weekly disbursements after certain Bankruptcy Court milestones are met.

8/ This transaction is an amendment to Treasury's DIP credit agreement with Chrysler LLC dated 5/5/2009 and increases Treasury's commitment to \$3,800,000,000. The amendment was fully executed on 5/20/2009, but was made effective as of 5/15/2009.

9/ This transaction is an amendment to Treasury's 12/31/2008 agreement with General Motors Corporation, which brought the total loan amount to \$19,400,000,000, including the 4/22/2009 amendment.

10/ The terms of this transaction, first reported based on a term sheet fully executed on 5/27/2009 for an amount up to \$6.943 billion, are now finalized and reflected in a credit agreement fully executed on 6/10/2009. Under the terms of the credit agreement, Treasury made a new commitment to New CarCo Acquisition LLC (renamed Chrysler Group LLC on or about 6/10/2009) of up to \$6.642 billion. The total loan amount is up to \$7.142 billion including \$500 million of debt assumed from Treasury's 1/2/2009 credit agreement with Chrysler Holding LLC. The debt obligations will be secured by a first priority lien on the assets of New CarCo Acquisition LLC (the company that purchased Chrysler LLC's assets in a sale pursuant to section 363 of the Bankruptcy Code).

11/ This transaction is an amendment to Treasury's 12/31/2008 agreement with General Motors Corporation, which brings the total loan amount to \$19,760,624,198, including the 4/22/2009 and 5/20/2009 amendments. The \$360 million loan will be used to capitalize GM Warranty LLC, a special

purpose vehicle created by General Motors Corporation. On 7/10/2009, the principal amount was included in the \$7.07 billion of debt assumed by the new GM, as explained in footnote 17.

12/ Pursuant to its rights under the loan agreement with General Motors Corporation (GM) reported on 12/29/2009, Treasury exchanged its \$884 million loan to GM for a portion of GM's common equity interest in GMAC LLC. As a result of the exchange, Treasury holds a 35.4% common equity interest in GMAC LLC.

13/ Under the terms of the \$33.3 billion debtor-in-possession (DIP) credit agreement, Treasury's commitment amount is \$30.1 billion. Up to \$15 billion is available pursuant to the interim order the Bankruptcy Court entered approving the DIP credit facility, of which Treasury's share is \$12.8 billion;

the balance will be available shortly after the Bankruptcy Court's final and non-appealable order approving the DIP credit facility.

14/ Pursuant to the agreement originally reported on 5/27/2009 and fully executed on 6/10/2009 (explained in Footnote 10), \$500 million of this deal's debt will be assumed under that fully executed agreement.

15/ GMAC LLC is now known as GMAC Inc. effective 6/30/2009.

16/ This investment amount was funded as a prepayment of the new General Motors Company's assumed note described in footnote 17.

17/ On 7/10/2009, Treasury and Motors Liquidation Company (formerly known as General Motors Corporation) amended the 6/3/2009 DIP credit agreement for \$30.1 billion between Treasury and General Motors Corporation. Under the terms of the amendment, the DIP loan and interest accruing thereunder were extinguished and exchanged for privately placed preferred and common equity in General Motors Company (the new GM) except for \$986 million, which remained for the benefit of Motors Liquidation Company, and \$7.07 billion, which was assumed by General Motors Company as a new obligation under the terms of a separate agreement (see footnote 18).

In total, Treasury received \$2.1 billion in preferred shares and 60.8% of the common shares of General Motors Company.

18/ On 7/10/2009, Treasury and General Motors Company entered into an agreement under which General Motors Company assumed \$7.07 billion of General Motors Corporation's (now known as Motors Liquidation Company) obligation under its 6/3/2009 agreement with Treasury.

19/ This amount does not include accrued and unpaid interest, which must be paid at the time of principal repayment.

20/ General Motors Corporation is now known as Motors Liquidation Company.

21/ Chrysler Holding LLC is now known as CGI Holding LLC.

1/ On 4/17/2009, Treasury exchanged its Series D Fixed Rate Cumulative Preferred Shares for Series E Fixed Rate Non-Cumulative Preferred Shares with no change to Treasury's initial investment amount. In addition, in order for AIG to fully redeem the Series E Preferred Shares, it has an obligation to Treasury of \$1,604,576,000 to reflect the cumulative unpaid dividends for the Series D Preferred Shares due to Treasury through and including the exchange date.

2/ The investment price reflects Treasury's commitment to invest up to \$30 billion less a reduction of \$165 million representing retention payments AIG Financial Products made to its employees in March 2009.

3/ This transaction does not include AIG's commitment fee of an additional \$165 million scheduled to be paid from its operating income in three equal installments over the five-year life of the facility.
