1/ On September 3, 2010, the U.S. Department of the Treasury and Citibank, N.A. entered into a facility purchase agreement (the 'L/C Facility Agreement"), which allowed Treasury to demand from Citigroup the issuance of an up to \$8 billion, 10-year letter of credit (the "L/C"). Treasury will increase availability under the L/C incrementally in proportion to the mortgages refinanced under the FHA Short Refinance program during the eligibility period. After that time, the amount of the L/C will be capped at the then-current level. Under the terms of the L/C Facility Agreement, Treasury could incur fees for the availability and usage of the L/C up to a maximum amount of \$117 million.

2/ On March 4, 2013, the U.S. Department of the Treasury and Citibank, N.A. entered into Amendment No. 1 to the L/C Facility Agreement, which reduced the maximum amount of the L/C from \$8 billion to \$1 billion; extends by two years the period of time Treasury has to increase the L/C to cover new loans that are entered into the program; and modified the fee structure paid to Citibank, N.A. Based on this new fee structure and the lower L/C, Treasury expects that the fees incurred for the availability and usage of the L/C will not exceed \$25 million.

3/ On March 31, 2015, the U.S. Department of the Treasury and Citibank, N.A. entered into Amendment No. 2 to the L/C Facility Agreement. Amendments included reducing the maximum amount of the L/C from \$1 billion to \$100 million; extending by approximately two years the term of the L/C and the period of time Treasury has to increase the L/C to cover new loans entered into the program; and modifying the structure of administrative fees associated with the facility.
