

Some Unpleasant Stabilization Arithmetic

By Joe Peek, Eric S. Rosengren, and Geoffrey M.B. Tootell

September 7, 2018

[Figures and Comments \(pdf\)](#)

Rosengren's comments will be delivered September 8, 2018 at the Boston Fed's 62nd Economic Conference, titled *What Are the Consequences of Long Spells of Low Interest Rates?* and held in Boston, MA.

Note: These slides represent the combined thoughts of President Rosengren and his co-presenters.
