TO THE BANKS AND BANKERS

IN THE SEVENTH FEDERAL RESERVE DISTRICT:

A number of banks in this district have sent their subscriptions for Liberty Loan Bonds direct to the Secretary of the Treasury. Many others are sending their subscriptions through correspondents in New York, Chicago, and other cities.

PLEASE ADVISE US

First: - Totals of all subscriptions sent in up to date from your Bank and the channel through which they have been sent.

Second: - Advise us daily until June 15, total of all additional subscriptions sent through other channels than ourselves.

The Federal Reserve District of Chicago is expected to raise a certain proportion of the two billion dollar issue, and unless we are advised promptly and daily of all subscriptions made within our district it will be manifestly impossible to determine just what this district is doing.

In order that the campaign may proceed satisfactorily in the various parts of the District, the suggestion is offered that each bank also advise the County Chairman of the total subscriptions received at the close of each day.

In complying with the above requests you will very greatly assist us with the work here and will also help us in directing the selling campaign in this district.

Yours very truly,

W. A. HEATH, Chairman.
