

FEDERAL RESERVE BANK OF CHICAGO

79 WEST MONROE STREET

August 6, 1917.
Circular No. 23.

TO THE CASHIER OF THE BANK ADDRESSED:

We have entered upon a war and must win.

The entire program for military and naval preparedness is dependent upon the financial support of the banks and the people.

Illinois, Indiana, Iowa, Michigan and Wisconsin have always supported the government both with men and money in times of need, and we know they can be counted upon to do so again.

We, living in Federal Reserve District Number Seven, do not wish to fall short of our obligations, but rather that our actions and if necessary, our sacrifices shall hold for us the position won in the struggles of the past.

The Government is now offering at par \$300,000,000. United States Treasury Certificates to be dated August 9, maturing November 15, 1917.

Your subscription can be entered here not later than Tuesday, August 7, 3:00 P. M. and you may wire orders at our expense.

FEDERAL RESERVE BANK OF CHICAGO.
