To the Member Bank Addressed:

At the request of the Federal Reserve Board, we send you herewith copy of a bulletin issued by the United States Department of Agriculture, entitled "Suitable Storage Conditions for Certain Perishable Food Products."

This bulletin contains valuable information for growers of various kinds of produce, and it is suggested in the interest of producers that wide publicity be given the same. Your cooperation to this end will be appreciated.

We have a limited supply of the bulletins, from which additional copies will be furnished upon request.

Very truly yours,
