

FEDERAL RESERVE BANK OF CHICAGO

79 WEST MONROE STREET

April 5, 1919.

TO THE MEMBER BANK ADDRESSED:

We are forwarding under separate cover a binder containing copies of all bulletins issued by this bank which are now in force.

The bulletins sent you from time to time will be numbered in sequence, and we shall appreciate your watching these numbers and requesting copies of any which fail to reach you.

All bulletins which are sent out in the future will be punched to fit this cover and it is our intention, where the bulletin being sent out supersedes a previous number, to so indicate this fact; and we would ask that you remove from your binder the one so superseded. In addition to this, we will furnish each six months a complete list of the bulletins in force, thus giving you an opportunity to keep your file up to date at all times.

In order that all transactions between this bank and its member banks may be expedited and facilitated, it is earnestly requested that you have at least one of your officers familiarize himself thoroughly with all bulletins.

Respectfully,

JAMES B. McDOUGAL,

Governor.
