

# FEDERAL RESERVE BANK OF CHICAGO

September 26, 1938

To the Member and Nonmember Clearing Banks in the  
Seventh Federal Reserve District:

We have been advised by the Federal Reserve Bank of San Francisco of the disestablishment of its Spokane branch as at the close of business on September 30, 1938. All transactions which have not been completed by Spokane on or before September 30 will be completed through the Seattle branch. By reason of this change, cash items on Spokane will hereafter be deferred for six business days if deposited in the Chicago office, and seven business days if deposited at the Detroit branch.

Also, effective October 1, the counties of

Asotin  
Columbia

Garfield  
Walla Walla

in the State of Washington and all that part of the State of Idaho which has been in the Seattle branch zone will be transferred from the Seattle branch zone to the Portland branch zone. The banks in that territory will thereafter be affiliated with the Portland branch.

It will be appreciated if you will observe the foregoing changes in connection with any direct-sending of cash or non-cash items.

Yours very truly,

GEO. J. SCHALLER,

President
