ADDITIONAL INFORMATION TO BE FURNISHED BY MEMBER BANKS WHEN SUBMITTING OFFERINGS FOR REDISCOUNT.

TO THE MEMBER BANK ADDRESSED:

We are advised by the Federal Reserve Board that, beginning on Monday, September 23, 1918, it will be necessary for the applying bank to show, in its application for rediscount, the rate of interest or discount which the maker is being charged on each note offered.

A column for this purpose has been provided on our Form BD-29. Care should be taken to see that the Form is correctly filled out in every particular, to avoid the necessity for a return of your offering.

Copies of the revised form are enclosed herewith for your future use, and others will be supplied as these are used.

PLEASE DESTROY IMMEDIATELY ALL OLD FORMS NOW HELD BY YOU, as applications submitted on these forms will be returned for re-listing.

Yours very truly,

R. L. Van Zandt
Governor.
