September 13, 1924

To the Bank Addressed:

We are anxious to obtain as accurate information as possible concerning the supply of feed produced in this district from the 1924 crops, and will greatly appreciate your estimate of the feed production in your community, as follows:

1. Did the farmers of your community produce a sufficient supply of feed this year to supply their needs until the next crop is harvested?

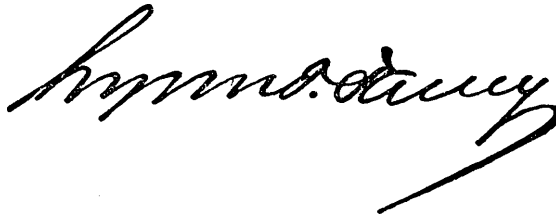

If not, please estimate the percentage of actual production to the needed amount.

Corn ..... %  
Oats ..... %  
Hay ..... %

2. If the feed crops were short of the needed supply, was the shortage due to inadequate feed acreage or to unfavorable weather conditions?

Thanking you in advance for a prompt reply, I am,

Yours very truly,
