February 7, 1934

**Additional Information from the Secretary of the Treasury Relative to  
Names and Addresses of Persons Delivering Gold Coin,  
Gold Bullion, and Gold Certificates**

***To the Bank Addressed:***

For your information we quote below an extract from a telegram received February 7th from Secretary of the Treasury Morgenthau:

“Referring to my February 1 telegram concerning wrongfully withheld gold hereafter delivered. You are requested, if you have not already done so, to advise all banks in your district that the proclamation signed January 31, 1934, by the President reducing the gold content of the dollar does not alter instructions as to the amount to be paid for wrongfully withheld gold coin, gold bullion and gold certificates hereafter delivered or other instructions contained in my January 17 telegram and my January 19 telegram relative to mutilated coin. Until further instructions from me **it will not be necessary to make record of the name and address of each person delivering gold coin, gold bullion and gold certificates hereafter or to obtain from said person a signed written statement giving the reasons why such gold coin, etc., was not delivered heretofore** and you should so advise the banks in your district if you have previously instructed them to make such records and obtain such written statements.”

Yours very truly,

B. A. McKINNEY,  
*Governor.*
