

FEDERAL RESERVE BANK

OF DALLAS

Dallas, Texas, March 24, 1942

To the Addressee:

Because of the adoption of Amendment No. 3 to Regulation W, which, among other provisions, added to the number of "listed articles," the list of articles on the back of the Statement of Borrower (Form F. R. 564) is incomplete.

It is not necessary that registrants discontinue the use of forms which they have on hand, but it is suggested that the following be added to the list of articles by rubber stamp, sticker or other convenient means:

"Articles added March 23, 1942: bicycles, lawn mowers, silverware, watches and clocks, photographic equipment, floor coverings."

It is also suggested that this addition be made to the form when new supplies are prepared.

Yours véry truly,

R. R. GILBERT

President
