

FEDERAL RESERVE BANK OF DALLAS

FISCAL AGENT OF THE UNITED STATES

FIFTH WAR LOAN DRIVE

PROCEDURE FOR STATISTICAL CREDITS ON QUOTAS

The procedure outlined below will be followed in effecting statistical credits for sales of securities offered during the Fifth War Loan Drive. It is suggested that the procedure be studied carefully so that proper advice may be given purchasers who may wish to make allocations of their purchases, and in some instances it may be desirable to furnish purchasers a copy of this procedure. As many additional copies as may be needed will be forwarded upon request.

REGULAR GEOGRAPHICAL CREDIT FOR SALES

In the absence of a specific request for allocation elsewhere, credit for sales of marketable issues and Treasury Savings Notes of Series C will be given normally to the address of the purchaser as shown on the subscription. Credit for sales of Series F and Series G Savings Bonds will be given normally to the address shown in the inscription on the bond.

Credit for sales of Series E Savings Bonds will be given to the county in which the issuing agent is located, except that:

- (a) When bonds are issued by a Federal Reserve bank or branch or the Treasury Department, credit will be given to the county stated as the address of the registered owner of the bond; or
- (b) When bonds are issued by certain issuing agents under the payroll deduction plan, credit will be given in accordance with a breakdown of the sales by counties furnished by the issuing agent to the Federal Reserve bank or branch under the regular established procedure.

ALLOCATION OF CREDIT FOR SALES

If a purchaser desires that credit for a sale of any issue except Series E Savings Bonds be allocated to a county or counties other than the county to which credit would be given under the rules stated above, such allocation may be made, subject to the following limitations:

1. No allocations may be made with respect to subscriptions entered by insurance companies. (All such subscriptions are to be credited to the home address of the company inasmuch as quotas have been established on that basis.)
2. A request for allocation on behalf of the purchaser, prepared in the manner outlined below, must be delivered to the Federal Reserve bank or branch at the time the related subscription is filed. No allocation may be made after the subscription has been filed.
3. Allocations may be made only in denominational units.

When a purchaser desires to allocate credit for his subscription, a request for such allocation should be made by completing Form RA and filing such form with the Federal Reserve bank or appropriate branch when the related subscription is entered. Form RA is to be prepared in quadruplicate, the first three copies to be transmitted with the subscription or application and the fourth to be retained by the bank entering the subscription as its record.

After the request for allocation has been received by the Federal Reserve bank or branch, it will be functioned through the Federal Reserve System, and the Chairman of the War Finance Committee in the State to which an allocation is requested will be notified of the details of such allocation, including the county or city to be credited, the issue and amount, and the name of the subscriber and of the bank entering the subscription.

To insure the successful operation of the procedure, it is important that requests for such allocations be made only on the forms provided. It would be well, too, to place a notation in a space near the purchaser's name on the application or subscription form to show the desired allocation of the credit. Additional RA forms will be forwarded upon request.

While the official period of the Fifth War Loan Drive is June 12 to July 8, 1944, inclusive, all subscriptions for savings bonds and Treasury Savings Notes, Series C, for which settlement is made at the Federal Reserve banks or at the Treasury of the United States from June 1 to July 31, 1944, inclusive, will be credited to the drive.

Subscriptions of commercial banks are to be considered outside the goal for the Fifth War Loan Drive and will not be a part of any quotas. Therefore, they are not subject to statistical credit.

REGULAR BOGOTAPHA AL CREDIT FOR SALES

In the absence of a specific request for allocation elsewhere credit for sales of marketable issues and Treasury Savings Notes of Series C will be given normally to the address of the purchaser as shown on the subscription credit for sales of Series C and Series E Savings Bonds will be given normally to the address shown in the inscription on the bond.

Credit for sales of Series E Savings Bonds will be given to the county in which the issuing agent is located, except that:

- (a) When bonds are issued by a Federal Reserve bank or branch or the Treasury Department credit will be given to the county stated as the address of the registered owner of the bond;
- (b) When bonds are issued by certain financing agents under the payroll deduction plan credit will be given in accordance with a breakdown of the sales by counties furnished by the issuing agent to the Federal Reserve bank or branch under the regular established procedure.

ALLOCATION OF CREDIT FOR SALES

If a purchaser desires that credit for a sale of any issue except Series E Savings Bonds be allocated to a county or counties other than the county to which credit would be given under the rules stated above, such allocation may be made, subject to the following limitations:

1. No allocations may be made with respect to subscriptions entered by insurance companies. (All such subscriptions are to be credited to the home address of the company inasmuch as quotas have been established on that basis.)
2. A request for allocation on behalf of the purchaser, prepared in the manner outlined below, must be delivered to the Federal Reserve bank or branch at the time the related subscription is filed. No allocation may be made after the subscription has been filed.
3. Allocations may be made only in denominational units.
