FISCAL AGENT OF THE UNITED STATES

Dallas, Texas, June 19, 1945

## REPORTS OF SALES SEVENTH WAR LOAN DRIVE

**To Qualified Issuing Agents  
in the Eleventh Federal Reserve District:**

As you know, sales of Savings Bonds are not credited to the United States Treasurer's Account until the related stubs and funds are actually received by a Federal Reserve Bank or branch; consequently, in order that the Treasury Department and State War Finance Committees may be kept currently advised as to the amount of sales to individuals during the Seventh War Loan Drive, it is requested that issuing agents make remittances covering sales as often as possible. Any acceleration of reports on sales will be very helpful to and greatly appreciated by this bank and the War Finance Committees.

In order that full credit may be given for all sales made during the Drive period, issuing agents are again reminded that **only sales reports accompanied by stubs and corresponding payments received by this bank or the appropriate branch by July 7 will be included in the Drive quotas.**
