

FEDERAL RESERVE BANK OF DALLAS

FISCAL AGENT OF THE UNITED STATES

Dallas, Texas, October 20, 1945

VICTORY LOAN DRIVE \$200 Denomination Series E Bond Reports of Sales

To Qualified Issuing Agents in the Eleventh Federal Reserve District:

The sale of a \$200 denomination Series E bond, issued in memory of the late President Franklin Delano Roosevelt and bearing his portrait, will be inaugurated at the beginning of the Victory Loan Drive on October 29. This bond, the issue price of which is \$150, constitutes an additional denomination of Series E bonds and has the same terms and attributes as the other denominations.

This bank and its branches are prepared to furnish stock of the \$200 bond to issuing agents upon requisition. However, issuing agents receiving stock of this bond prior to the opening of the drive are cautioned that **under no circumstances shall a \$200 bond be issued before October 29 nor shall it bear an issue date prior to October 1945.**

The printed forms furnished to issuing agents will be revised as soon as practicable to include the additional denomination, and supplies thereof, when ready for distribution, will be forwarded to any such agent upon request. In the interest of economy and the conservation of paper, it is urged that any stock of forms now on hand be used in those instances where the new denomination is not involved or where it is feasible to amend the present forms.

In anticipation of the large number of Series E bonds to be issued during the drive, issuing agents are urged to check their present stock of bonds, estimate their needs in advance as far as practicable, and file requisitions for additional stock from time to time to insure an adequate supply of all denominations so that they will be prepared to make prompt delivery of bonds during the drive.

During the period October 29 through December 31, all issuing agents, except those issuing bonds exclusively to persons enrolled in payroll allotment plans, are requested to report and remit for sales **not less frequently than twice each week.** Agents issuing bonds exclusively to persons under payroll allotment plans, should report sales as frequently as possible. More frequent reporting by all agents will facilitate the compilation of accurate and up-to-date sales reports to the State War Finance Committees which will disseminate such information among the County Chairmen throughout the Eleventh Federal Reserve District.

This bank and its branches will endeavor to render prompt service at all times to issuing agents and to assist them in every way possible.

Yours very truly,

R. R. GILBERT

President
