## RESERVES REQUIRED TO BE MAINTAINED BY MEMBER BANKS WITH FEDERAL RESERVE BANKS

To the Member Banks of the  
Eleventh Federal Reserve District:

The Board of Governors of the Federal Reserve System has today announced the adoption of a supplement to Regulation D, which has the effect of reducing reserve requirements of member banks. Copy of the supplement is enclosed.

The following is quoted from a press statement released by the Board of Governors simultaneously with the adoption of the supplement:

“The temporary authority granted by Congress for increased reserves expires June 30, 1949, and the Board has accordingly revised the supplement to Regulation D, under which the following reserve requirements will be effective with the beginning of the next reserve period (June 30 for central reserve city and reserve city member banks and July 1 for other member banks): against net demand deposits—24 per cent for central reserve city member banks, 20 per cent for reserve city member banks, and 14 per cent for other member banks; against time deposits—6 per cent for member banks of all classes. The changed requirements will result in a reduction of approximately \$800,000,000 in required reserves.”

The supplement to Regulation D should be filed in the ring binder containing current bulletins of this bank and the regulations of the Board of Governors of the Federal Reserve System. Please acknowledge receipt on the enclosed post card.

Yours very truly,

R. R. GILBERT

President

20 per cent of its net demand deposits if in a reserve city, except as to any bank located in an outlying district of a reserve city or in territory added to such city by the extension of the city's corporate limits, which, by the affirmative vote of five members of the Board of Governors of the Federal Reserve System, is permitted to maintain 14 per cent reserves against its net demand deposits;

24 per cent of its net demand deposits if located in a central reserve city, except as to any bank located in an outlying district of a central reserve city or in territory added to such city by the extension of the city's corporate limits, which, by the affirmative vote of five members of the Board of Governors of the Federal Reserve System, is permitted to maintain 14 per cent or 20 per cent reserves against its net demand deposits.

The supplements to Regulation D which have previously been issued are hereby revoked and superseded.
