Your attention is invited to the following announcement issued today:

“Secretary of the Treasury Snyder announced today that on May 14, 1951, he will call for redemption the 3 percent bonds of September 15, 1951-55, which are outstanding in the amount of \$755,000,000. “Secretary Snyder also stated that beginning on May 15, he will offer for continuous subscription a new series of Treasury Savings Notes. These notes will be similar to the series now being offered, except that the interest return will run from 1.44 percent if the notes are held for six months or less, to 1.88 percent if the notes are held for the full 3-year term.

“Further details with respect to this offering will be announced later.”
