## SPECIAL HANDLING OF LARGE INCOME TAX PAYMENTS

**To all Banking Institutions and Others Concerned  
in the Eleventh Federal Reserve District:**

The Treasury Department has announced that the procedure customarily in effect during periods of heavy tax payments with respect to the special handling of large payments of individual and corporation income taxes, will be effective also for June 1958 tax collections.

During the period from June 1, 1958 through July 3, 1958, (1) Directors of Internal Revenue will make special deposits with the Federal Reserve banks of checks representing tax remittances of \$10,000 or over covering payments of individual and corporation income taxes, (2) Federal Reserve banks will prepare daily a "Special Draft for Credit in Treasury Tax and Loan Account" in an amount not to exceed the aggregate amount of such checks drawn on each Special Depository, and (3) in accordance with conditions set forth on the face of the special draft, Special Depositories may exercise their option to accept for deposit in their Treasury Tax and Loan Accounts funds in an amount equal to the amount of the special draft.

The Treasury Department has indicated that it may be necessary to decrease the amount of such checks for credit in the Treasury Tax and Loan Account from time to time during the period, if such action is required to prevent undue fluctuations in the amount of the balances in the accounts of the Treasurer of the United States with Federal Reserve banks.

This bank will be glad to furnish any additional information in this connection that may be desired.

Yours very truly,

Watrous H. Irons

President
