

FEDERAL RESERVE BANK OF DALLAS

DALLAS, TEXAS 75222

Circular No. 67-187
September 20, 1967

To All Banks in the
Eleventh Federal Reserve District:

Because of extreme weather conditions created by Hurricane Beulah, presentation of cash and noncash items drawn on banks in or near the affected areas is being delayed. Also, payment, returns, and notices of dishonor may be delayed with respect to items forwarded to those banks on and after September 15. It is anticipated that normal banking activities will be disrupted at least through Thursday in the Texas Gulf Coast area from Brownsville to Corpus Christi and farther north.

Yours very truly,

Watrous H. Irons

President
